

TRUTH-IN-SAVINGS DISCLOSURE

RATE SCHEDULE

The rates, fees, and terms applicable to your account are provided with this Truth-in-Savings Disclosure. Your account is also governed by the terms and conditions set forth in your Membership Booklet. Trumark may offer other rates for these accounts from time to time.

Rate Information: The High Yield Savings account has a base dividend rate/interest rate and a boosted dividend rate/interest rate that is activated each month by completing one of the qualifying requirements as outlined in your Momentum Checking disclosure. As of March 2026, the base dividend rate/interest rate associated with your account is 0.09% and the annual percentage yield (APY) is 0.10%. As of April 2026, the boosted dividend rate/interest rate is 3.25% and the annual percentage yield (APY) is 3.30%. The advertised and earned boosted APY applies only to balances up to \$100,000. Balances above \$100,000 earn base dividend rate/interest rate. See page 2 for more information.

Compounding and Crediting: Dividends and interest will be compounded daily and credited monthly.

Balance Computation Method: Dividends and interest are calculated by the daily balance method. See page 2 for details.

Balance Requirements: The minimum balance required to open this account is the purchase of a \$5 share in the Credit Union.

Stop Payment Fee – Single item	<u>\$32</u>	Per item to stop payment for up to six (6) months
Stop Payment Fee - Series	<u>\$32</u>	Per series to stop payment for up to six (6) months

Rate Information:	The Annual Percentage Yield (APY) is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for an annual period. The interest rate is the rate at which interest is paid on the principal balance of the account. Trumark reserves the right to change the dividend rate, APY, or interest rate, including the boosted rate, at any time, as determined by Trumark. The rates and fees appearing with this Truth-in-Savings disclosure are accurate as of the last dividend declaration date indicated herein. If you have any questions or require current rate and fee information on your account, please visit www.trumark.com , or call 1-877-TRUMARK (878-6275), or write to us at Attn: Member Services, 335 Commerce Dr., Fort Washington, PA 19034.
Nature of Dividends:	Dividends are paid from current income and available earnings, after required transfers to reserves at the end of a dividend period. The dividend period of the Credit Union is monthly. This means that the beginning date of the dividend period is the first of the month and the end date is the last day of the month.
Accrual of Dividends:	Dividends will begin to accrue on the business day you deposit non-cash items (e.g. checks) to your account. If you close your account before accrued dividends are credited, you will be paid closing dividends calculated by the number of days in the dividend period the account is opened.
Balance Computation Method:	TruMark uses the daily balance method to compute dividends/interest on all accounts. The daily balance method applies a daily periodic rate to the end of day principle balance.
Par Value:	The par value of a regular share in the credit union is \$5. A member who fails to maintain a share balance of at least par value may be terminated from membership.
NCUA Share Insurance:	Member accounts of Trumark are federally insured by the National Credit Union Share Insurance Fund.
Other Terms & Conditions:	Additional terms and conditions governing your account are set forth in the Membership Booklet. In addition, please refer to the Service Fee disclosure for the current fees and charges associated with your account.
